## *A little bit about us...*

South Dalziel is a beautiful, yellow sandstone (former church) building, built in 1789.

It is one of the oldest buildings in the area and proudly hosts some beautiful stained glass windows designed by Gordon Webster and James Clark, making it the most unique wedding venue in the area.

South Dalziel Historic Building has been privately owned since 2009 and registered as a Community Interest Company in May of 2016.

We are a Not for Profit Organisation, all profit goes to maintain this historic building for our community and for future generations.

Our building offers a variety of halls for any occasion.

From small corporate meeting, to birthday parties and weddings.

---

We are a family ran business and our friendly staff is approachable, always on hand and ready to help to ensure your day is exactly as you imagined!

# First of all...

Congratulations on your engagement and forthcoming wedding!

We are delighted that you are considering our venue for your special day.

At South Dalziel, you can host the whole wedding day in one place!

You won't have to worry about transport and additional cost it would involve.

---

Hiring South Dalziel for your special day means you could have the whole building available to you and your guests.

It will provide an easy transition between the ceremony and reception, as well as an option for either an indoor or outdoor area to welcome your guests with a glass of fizz and canapes.

Our courtyard is available during good weather, and Studio One in the event of adverse conditions.

Our serves will be available with refreshments and to direct your guests to your chosen area.

*Our venue...*

## STUDIO ONE

Our Studio One is perfect for your wedding ceremony and will provide a grand entrance for your bridal party and your guests.

Large double doors located at the back of the hall, will give you the full experience of walking down the aisle.

# THE AUDITORIUM

The Auditorium is the original, and oldest, part of the building, dated back to 1789.

It features the stained windows designed by Gordon Webster and James Clark.

This magnificent hall captures the attention of our guests and it can accommodate a variety of set up options for how you would your celebration to look like.

Facing onto the Windmillhill Street, the medieval architecture, tall bell tower and a Celtic cross (War Monument), the front of the building is a popular area for wedding pictures.

The Auditorium can hold up to 150 guests and is a beautiful hall for your meal and, later, your evening reception.

Whether you prefer a meal served to the tables or a buffet style, we are happy to accommodate your preferences.

Following your meal, you and your guests can enjoy some refreshments in either Studio One or The Courtyard, while our staff prepares the room for you evening celebrations.

The Auditorium features a stage for your band or DJ, the bar area and is in close proximity to a disabled toilet (with baby changing station).

# THE COURTYARD

The Courtyard is a beautiful, tranquil space and is a popular area to host your welcome drinks and canapes.

The events shelter provides an area for your guests throughout the day to enjoy, regardless of the weather.

## STUDIO THREE

Studio Three is one of our smaller rooms and offers a great space for caterers to prepare and finalise your meal.

Our kitchen area and appliances are free to use by the caterers, although the limited space is not enough to finalise and present the dishes.

You are welcome to use the South Dalziel Caterer, or hire an outside company.

Please note, the caterer will be required to provide proof of insurance and registration with local authority prior to your day.

## THE CAFE

Our Cafe area is situated next to Studio One and on the opposite side of the building to The Auditorium, which means it's a good space for anyone who wishes to enjoy a more quiet environment for a while and a comfortable seat.

Hot and cold drinks can be served and it is often a break out area for a band or photographers.

---

## NEWLYWEDS ROOM

You might want to slip off your shoes for a while, or change into your evening outfit. The Newlyweds Room is a space for The Happy Couple to enjoy during the day.

You are welcome to store your gifts and personal belonging there and return for them the following day, knowing they are safe and looked after.

This room features some comfortable couches, refreshments and a separate toilet with a wash hand basin.

# Options & Cost

When it comes to any big event, there often is a question of 'what if...?'  
What if there is another wedding on and we need to share the venue with another couple and only have limited time for photographs?

What if there isn't enough time for decor to arrive and be set up?  
What if we forget about something last minute?

We've been there!

That's why we aim to provide a bespoke experience for you and your guests.  
We offer extended hire times to ensure everything is in place for you arriving on your big day!

Option 1 is a **3 day hire** of the full building.

This means that it will allow your vendors to set up your decorations, caterers to drop off supplies or your band/DJ to start set up for your big day.

You or your family will then have the following day to return, to collect gifts and items left behind from the big day, allowing you a stress free day and peace of mind that your gifts and items are safe. Your entertainers can have access to collect set up and instruments.

Option 1 is perfect for those who wish to have a peace of mind and want to avoid setting their alarm for early next morning!

---

Option 2 is a **3 day hire** of the building, except for Studio One.

This means that it will allow your vendors to set up your decorations, caterers to drop off supplies or your band/DJ to start set up for your big day.
